

INFORMATIVE BULLETIN MUNICIPAL LLÍBER TOWN HALL

1.-Payment of debt to the Mancomunidad Vall de Pop

As stated in the previous BIM dated 16 January 2013 the Town Council authorised the Mayor to take steps to deal with the debt owed to the Mancomunidad Vall de Pop. This debt arose as a consequence of non payment of money owed for the collection of household waste during the years 2010 and 2011, amounting to 130.517,33 euros, plus interest which had reached 10.949,84 euros. The total debt outstanding was paid in full in the year 2014, amounting to 141.467,17 euros.

2.- Payment to providers of services.

The Town hall is able to pay service providers in a period of less than 20 days.

With regard to the loan in 2012 of 578.907,73 euros for payment of outstanding debts to service providers, the Town Hall has completed its obligations with the required repayments being made on schedule.

3.-Water.

The Mancomunidad Intermunicipal Vall de Pop has received a grant from Diputación de Alicante for construction of a water purification plant. Work on this has already begun. This plant will solve the problems of the quality of the mains water supplied.

On the other hand, the Mayor has held various meetings with the President of Diputación de Alicante and the Consorcio de Aguas (Water Board) of the Marina Alta, Doña Luisa Pastor Lillo, in order that the Town Hall of Llíber can use the network of water mains crossing the municipality and which could bring potable water to both the village houses and those outside the village.

Also, following the installation of the water tanks and pump in Camino la Bassa the problems of supply to the areas of Morterets, Mequinenza and Xáquera have been solved.

Finally. The Town Hall has granted 65 water contracts, thus enabling each of these houses to have its own water meter.

4.- Public Works.

The Town Hall, with the financial and technical aid of the Diputación, has realised various works in the municipality, amongst these :-

- Reforming the Plaza Mayor,
- Reforming the sports area adjoining the Saints Cosme and Damián School,
- Reforming and surfacing the parking area at the Medical Centre,
- Replacing the water mains in Calles la Virgen and Escolles , and surfacing and repaving these,
- Installing surface water drains in Calles Paz, Colón and St. Francis of Llíber,
- Tarmac to roads – Cami del mig del Pla and Cami del Poet.

Also, the municipal Services have been responsible for the cleaning and maintenance of rural roads, essential repairs to boundaries etc....

In the wake of meetings held with the residents of the area Muntanya Larga, the Mayor arranged with the owner of the land to provide a new access route for the school buses bringing pupils to the Laude International School, thus eliminating the longstanding traffic problem in this road.

5.- Renewable energy.

Installation of a renewable energy system in the Town Hall has been completed. The work consisted in the installation of a photovoltaic system on the roof of the Town Hall and substitution of the air conditioning units. As a consequence of this the Town Hall has reduced the consumption of electricity by more than 70%.

6.-New Technologies

The Town Hall has acted to install free WI FI in the Plaza Mayor. From this month all Llíber residents can enjoy this free service.

7.- Grants.

Between the years 2013 and 2014 the Town Hall has received more than 530.000 euros in grants approved by the Diputación de Alicante. The most important grants have been:

218,499.05 euros from the Provincial Plan of Cooperation, Works and Services, municipal competition year 2014.

93.024, 18 euros from Convocatoria de Ayudas for investment in work and repairs.

20.000 euros for installation of renewable energy in the Town Hall.

56.037,54 for surfacing of roads.

23.372,44 for improvements to the water tank and supply to the Morterets area.

27.615,23 for repairs to the water and drainage networks.

The remaining sums, to reach the total of 530.000 euros have been received by means of various grants destined for sport, culture, promotion of Llíber as a tourist destination etc....

8. Occupation Licences.

During this term of office, up to the date of 7 April 2015, the Town Hall has granted a total of 178 Occupation Licences.

9. Rural Electrification.

Also during this term, the Town Hall has given building licences for the electrification in the areas Cuta, Xáquera, Morterets, Mequinenza and Tossals.

The Town Hall is awaiting the required permissions to grant the licence for the electrification of the Jardins area.

10. Resumption of the work towards the “Plan General de Ordenación Urbana “(General Pla)

Having resolved the problems of electricity and water supply to the dwellings and following approval of the new urban law (Ley Ordenación del Territorio, Urbanismo y Paisaje, 4/2015 de la Comunidad Valenciana), the Mayor has continued to meet with the head of the Servicio Territorial de la Consellería in Alicante and with the head of the Servicio de Evaluación Ambiental Estratégica in Valencia. The Town Hall, having been informed that there will be changes in the legislation has decided to suspend the work until the new law has been approved. Once this is approved, work towards the General Plan will be resumed using the same specialist team.

11. Great success of the Llíber Medieval Market.

A Medieval Market was held last 28 and 29 March in our village of Llíber, organised by the Town Hall, and considered to be a great success by both the public and the stallholders and participants. Thanks are due to all the residents of Llíber for their cooperation and huge attendance at all the different events that took place.
